CUSTOMER SOLUTIONS DEVELOPER

Objectif Lune is a software company and leader in composition, business process automation, multi-channel output and capture solutions. Established in 1995, Objectif Lune has grown to become a global company with over 200 employees dedicated to delivering state-of-the-art technology to make customer communications and transactions better.

Objectif Lune is looking for a **Solutions Developer** with a passion for new technologies and a desire to combine their Front-End and Back-End development skills with their customer-focused approach to create innovative turnkey solutions.

You will be reinforcing its French Professional Services Team (PSO) located in Nanterre. The PSO team is responsible for the development and implementation of our software solutions based on our software products.

- Do you like challenges and getting out of your comfort zone?
- Do you enjoy working with customers and consider their satisfaction a priority?
- Are you passionate about learning and keeping up with new technologies?
- Do you want to play a key role in an agile team that accomplishes small miracles every day (yes!)?

This position could be for you!

YOUR KEY TECHNICAL KNOWLEDGE
- Good mastery of JavaScript
- Good knowledge and experience in web technologies (HTML, CSS, PHP, jQuery)
- Good understanding of databases
- Good understanding of IT architectures
- Experience in WordPress development would be an advantage
- Asset: knowledge of .NET, SQL, JSON, AJAX, Python, NodeRed

YOUR KEY RESPONSIBILITIES
- Develop turnkey solutions with Objectif Lune's software and implement them for clients
- Determine the best implementation approaches and methods
- Provide technical and functional analyses, write and revise specifications
- Validate customer needs and requirements and ensure regular follow-up with the various stakeholders
- Deliver customer training
- Support of our sales team
- Working in a dedicated team using agile methods

YOUR PROFILE
- Our work is done in French, but the majority of exchanges with our colleagues and some of our international clients are done in English. It is therefore essential that you master both languages.
- Your approach is always focused on customer satisfaction
- Your analytical and logical skills are recognized and effective
- You have autonomy and initiative in troubleshooting and problem solving
- You have the ability to understand business needs
- You enjoy working in a multi-project production environment with tight deadlines
- You are attentive to details, rigorous and have good organizational skills
- You interact and communicate easily with others

YOUR EDUCATION AND EXPERIENCE
- Degree in Web programming, computer science or related field
- 2 years of experience in a field related to Web integration or programming

LOCATION & SCHEDULE
- Nanterre, France
- Telecommuting during a pandemic. Post-pandemic hybrid formula.
- Flexible working times
- Extra day off on your birthday
- secure job with future prospects
- Comprehensive onboarding and ongoing training
